

**MPTT**

MIDLAND PLANT TRAINING & TESTING

COMPETENT PROFESSIONAL TRAINING

## WELCOME TO MPTT COMPETENT PROFESSIONAL TRAINING

Established in 2011 by an expert management team with over 40 years industry experience, **MPTT** has fast become a leading provider of Construction Plant Competence Scheme (CPCS) training and testing.

With over 40 acres of land across our two training facilities in the West Midlands and Gloucestershire areas we offer a comprehensive list of first class, competitively priced construction plant training and testing to clients from England and Wales.

**MPTT** has a dedicated workforce that includes a team of 12 highly skilled trainers, assessors and testers committed to providing expert training and advice as well as experienced administrative staff who are on hand to deal with all your enquiries.

We are professional and passionate about what we do and this shows in the quality of our work, the thousands of candidates we've welcomed through our doors and the clients who return to us time and time again.

## TRAINING & TESTING

**MPTT** is fully accredited by the CPCS to offer training and testing across all plant categories and we have a team of industry experts on hand to guide you every step of the way from making an initial enquiry to booking a course or taking a test.

We are also one of the regions leading providers of CPCS Red Trained Plant Operator Card and Blue Competent Operator's Cards. We work closely with our clients to ensure their workforce get all the support they need to achieve these vital operator cards. We do this by:-

- Working with HS&E qualified candidates to undertake the CPCS Theory test and Practical test to gain their CPCS Red Trained Plant Operator Card.
- Having **MPTT's** qualified assessors work closely with candidates to complete a Level 2 Plant Operators NVQ in order to get their CPCS Blue Competent Operator's Card.
- Offering Blue Card renewal testing for all categories and HS&E testing for all candidates with same day testing, short notice and out of hours options available.

**MPTT** has built strong links with funding organisations, allowing us to offer excellent opportunities for companies requiring staff training in all construction trades and plant competencies. We can also support your business in sourcing CITB grants for levy paying clients upon candidates successfully passing CPCS testing, as well as securing apprenticeships in construction related trades.\*

\* Eligibility criteria to be met for all funding applications.

**CP Construction Plant  
CS Competence Scheme**

CPCS is a certification mark of the Construction Industry Training Board, known as CITB

If you have specific training and testing needs **MPTT** will work with you to provide the perfect solution to suit your requirements. We pride ourselves on giving our clients the flexible, professional service they need and can offer training at a clients preferred location as well as organise courses tailored to individual needs.

We are also able to provide a range of other construction industry courses through various awarding bodies with our core list of carefully selected training partners.

## WHY YOU SHOULD CHOOSE MPTT

We are a friendly, professional, expert team who work seamlessly as an extension of our clients training departments.

We offer cost effective training and testing and have strong links with funding organisations to ensure we keep our clients training budgets as low as possible.

We offer flexible training solutions tailored to our clients needs.

We give first class professional service time and time again and this is confirmed by our impressive client retention rate.

**So, if you're looking for a competent professional training company to work with in the future make sure you give us a call on 01543 899706, you won't regret it!**

Since MPTT was established in 2011 we have invested significantly in our company by moving to larger premises, upgrading our office facilities and investing in both our plant training equipment and workforce, growing from a team of 2 to 12 in the first two years.

Our impressive facilities in the West Midlands and Gloucester provide the perfect solution for all your plant training and testing needs.

Our excellent management team have over 40 years combined industry experience and are on hand to work direct with all clients.

## THE MANAGEMENT TEAM

### Gerry Jackson, Director

In 2011 and with over 20 years experience in the construction plant industry Gerry set about establishing **MPTT**. His aim was to build a professional, friendly company that offered first class training and testing for the construction industry in the West Midlands through best practice and sustainable growth.

Gerry oversees the sales and new business side of the company and is the man to call for all course information and bookings.
